

Louisiana/Mississippi Flood Relief Opportunities

Thanks to everyone for donating time, money and supplies for flood relief through First Presbyterian of Natchez! First Presbyterian is no longer accepting supplies, however, monetary donations are still being accepted and distributed. Checks should be made to First Presbyterian Church with "Flood Relief" in the memo space. Since recovery is still ongoing and will be for some time, please keep looking for opportunities to help. The three churches listed below are located in flood areas. They are still organizing volunteers, supplies and in need of financial support. Please check out their Facebook page and websites for ways to help.
